PRESALE GLOXINIA BULBS

Order NOW and SAVE !!

We can make you a truly remarkable offer for Belgium grown Gloxinia bulbs. You'll agree, when you note the prices quoted below. By shipping you the gloxinia bulbs the moment they come in from Belgium in November (that's the time you want them anyway), we can offer this special low price, provided orders are placed by August 31. Frankly, we can do this for one reason: gloxinia bulbs do not keep well in storage. Ordinarily a percentage for spoilage is included in the selling price by the importer. With NO storage and NO spoilage we can quote this astounding low price.

We think this new sales policy makes sense for you and for us, permitting you to make a bigger profit on gloxinia's.
